Strength, Storage space and Value are most important aspects in your lab

P-System

Strength, Storage space and Value are most important aspects in your lab

Combinations of door and drawer cabinets directly carrying the work surface, Reagent shelf or Service bridge can be used to provide chases for major services such as water, gas, vacuum, electricity or data outlets.

Storage Cabinets are fixed to floor and can be produced in metal or plastic laminate to meet your demand. Upper cabinets & Adjustable height shelving can be used to provide additional storage capacity above the work surface.

Benches can be up to **1300mm** deep for Island benches and up to **650mm** for Wall benches, working heights can be **750mm** or **900mm** to adapt to personnel, equipment and procedures inside your lab.

Wall Bench

Product Code	Width (W)	Bench Height (H)		Over All Size (mm) W x WD	Structures	Side View
		900mm	750mm
