INTRODUCTION

Maani Contract Furniture is the most recent division of the group Maani Ventures; operating in Jordan, this division specializes in wood work, furnishing and interior contracting, custom made furniture for hotels, restaurants, banks, commercial buildings and luxurious residential projects. In addition to fire rated wooden doors.

OUR FACTORY

In Maani Contract Furniture factories, we take the highest safety levels for our engineers and workers, creating a safe, productive and efficient environment that ensures optimum production lines that are in line with world standards.

We regularly ensure constant training and R&D that fulfill our promise of customized engineering.

WE OFFER

- Interior Contracting:**
Luxury interior fit-out services, incorporating every aspect from custom made woodworks and mobile furniture to doors and frames.
- Manufacturing:**
Our High quality woodworks and furniture are manufactured in factories and joineries that specialize in producing customized Furniture, Fixtures and Equipment (FF&E).
- Procurement:**
In order to provide our customers with the best level of services we procure supplies and materials from Third Parties, to add the needed support and to complement to the interior contracting and the manufacturing operations, we also carry out Third Party contract procurements for specific (FF&E) projects.

WHY CHOOSE MAANI CONTRACT FURNITURE?

- **Impeccable track record:**

With an outstanding client list including the names of many noteworthy international hotels, car showrooms, offices, restaurants and many more, our success story has been a result of our management's broad visionary approach and our team's punctual and prompt execution.

- **"Client for life" culture:**

The uncompromising commitment we provide to our clients is established through our high quality services and skilled craftsmanship.

- **Value for money philosophy:**

The smart approach of our highly qualified team of engineers to work around and build on our clients existing basic design and transform it into practical and workable solutions, is ensured to give our clients better value for their money.

- **Custom Design Solutions:**

We aim to provide our clients with an endless stream of creative custom made wooden furniture and decorations that stand out and which are definitely unique and one of a kind.

maani VENTURES is one of Jordan’s leading industrial groups that employs more than 700 engineers, technicians, and highly skilled laborers and professionals. Established in Amman in 1974 with the ultimate vision of developing a new generation of customized engineering products and solutions, maani VENTURES has expanded into a conglomerate of five companies that service Jordan, Egypt, Iraq, Kuwait, Libya, Oman, Saudi Arabia, Sudan, UAE and Qatar. Today, and with our extensive expertise that spans over four decades, maani VENTURES services the MENA region and beyond through two core business divisions – Construction and Furniture.

maani CONSTRUCTION

Through our six product lines at maani CONSTRUCTION, we supply a diverse range of construction products that provides high-value and customized engineering that meet the most rigorous time constraints. From steel hangars and campsites to portable cabins and three-story buildings and much more, maani CONSTRUCTION offers:

maani PREFAB – specializes in construction of high end prefabricated buildings.

maani STEEL – specializes in design, supply, fabrication, and erection of pre-engineered buildings.

maani METALFORM – specializes in producing Underwriters Laboratories (UL) approved fire rated steel doors, architectural sheet metal works and cladding.

maani LGS’s – specializes in using automated production and construction capabilities to provide light gauge steel building solutions.

maani STRUCTURES – specializes in structural steel projects such as power station, cement and petrochemical plants, oil and gas projects, as well as high-rise buildings.

maani SOLAR – specializes in the delivery of custom designed turn-key Photovoltaic (PV) solar renewable energy solutions using German technologies and in-house expertise, offsetting almost any electricity demand.

maani FURNITURE

Building on our core strength of customized engineering, maani FURNITURE is one of the region’s leading companies that provides contract furniture, bent wood, educational and professional labs, auditoriums, office and classroom furniture, and much more. This is serviced through the following five product lines:

maani OFFICE CONCEPTS – specializes in the production of high quality, functional, and durable office furniture solutions.

maani LEARNING & COMMUNITY – specializes in providing a wide range of education and community institutional furniture for classrooms, lecture halls, auditoriums, libraries, and more.

maani LABS – specializes in finding solutions for various types of laboratory furniture including learning, industrial, and research laboratories.

maani COMPONENTS – specializes in the production of bent wood components.

maani CONTRACT FURNITURE – specializes in turnkey contract furniture solutions that produce fire rated wooden doors, as well as operates in the luxury fit-out industry.
